

# Ayewa Aberfur

Made in Ghana

# Company Goal

To create a platform to help supply the world top-quality African raw materials and formulated products in the cosmetic, pharmaceutical and food space.

- ❖ Formulate beauty and cosmetic products using African and Natural solutions
- ❖ Private label product development
- ❖ White label solutions
- ❖ Create employment for Women in STEM

# Registration

Ayewa Aberfur (UK registered business) contracted Green-Gro Ltd to produce skin care products under their Dr. Bates solutions Trademark in 2018.

Ayewa Aberfur worked under Green-Gro till August 2021. Ayewa Aberfur Ltd Ghana was registered as Limited Liability company.

Registered address is Plange Avenue,  
Sakumono, Accra. Ghana

# Directors

The directors of the company are

1. Dr. Nanayaa Bates (CEO)
2. Mr. Bentil Opoku (COO)
3. Mr. Phillip Agyeman (Shareholder)

# Company history

---

- **Dr. Bates Solutions**

Trademark registered under Ayewa Aberfur UK.

In 2018 Ayewa Aberfur joined Green-Gro Ltd in Ghana creating a formulation and product development centre for African cosmetics.

# Ayewa Labs Formulation services

---

- CDMO in 2020
  - Formulation development
  - Pilot production
  - Manufacturing services

Hair care and skin care beauty products

# Ayewa Labs

---

- Product development Facility
- Equipped to perform development of cosmetic products
- Quality control/assurance lab to ensure products produced/formulated are of quality and meets specification set.
  
- FDA certification for GMP

# Services

---

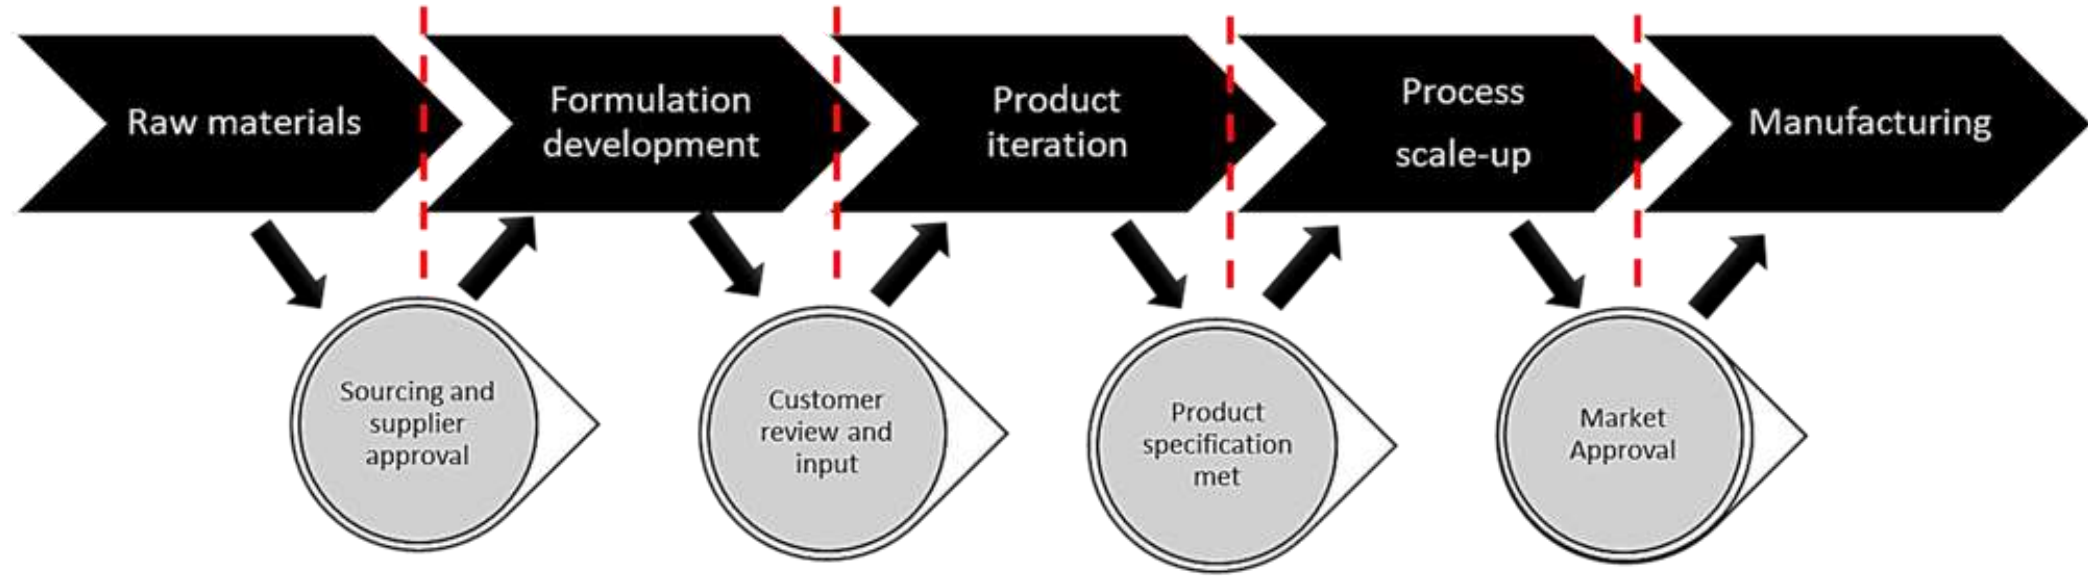

- Formulation development
- Improving DIY formulation to a cosmetic standard
- White Label products
- Training and process transfer
- Manufacturing services
- Testing and regulatory support

# The Process

---

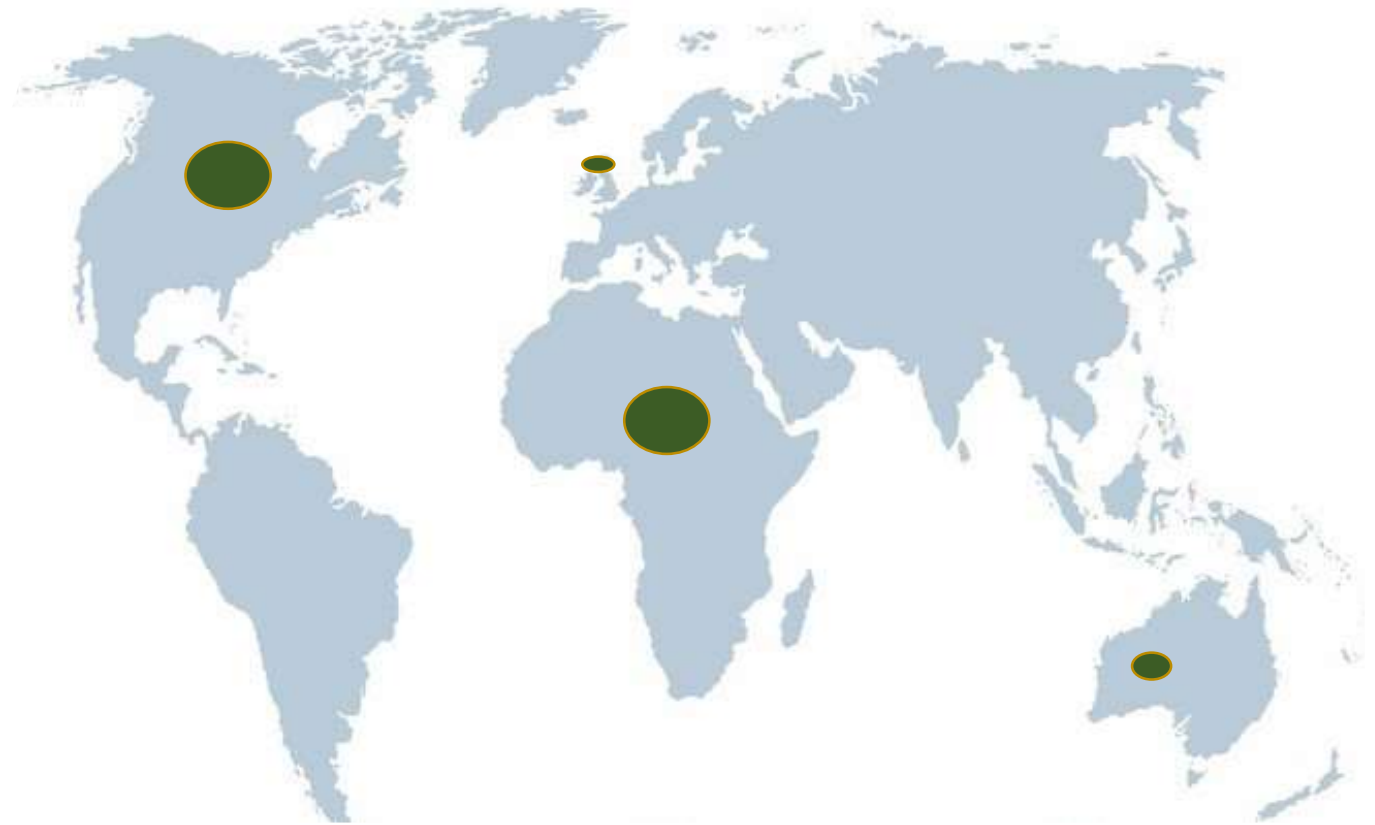

# Customers

---

- Africa
- United Kingdom
- United States
- Canada
- Australia

60% Hair care, 40% skin care

# Ayewa Essentials

---

- Raw material processing facility
  - Drying
  - Milling
  - Oil Pressing

Pilot machines commissioned and installed in November 2021.

## Current capacity

- Oil: 60L per hour (cold pressed), 160L per hour (hot pressed)
- Dried leaves and flowers: 60-90kg per hour
- Powder: 150kg per hour

# Ayewa Essentials

- Raw material inputs for formulation
  - oils
  - butters
  - Powders
  - infusions
  - extracts
- Selling raw materials to other formulators
- Raw material supply to retailers
