OUR MISSION

We manufacture high quality hair and skin care products specializing in current trends of natural and organic ingredients. Private Label Beauty & Wellness has specialized in the creation and production of premium skin and hair care products to countless clients, and in turn to hundreds of thousands of consumers.

We utilize cutting edge ingredients, constant research, and innovation to bring the most creative, unique, natural and organic products to many skincare and cosmetic brands. It takes artistry, excellence, creativity, and passion for personal care manufacturing and formulation methodology. We bring the type of first-class products to our ever-expanding elite list of clients. By offering dynamic and cutting-edge formulations with result heavy benefits, you can confidently market your products. We believe to achieve excellent functionality, you can't cut corners on quality, as that is essential to an incredibly effective product. We believe that we have changed the face of the private label application skin and hair care sector with our constant research for new and exciting ingredients that deliver results fast!

At Private Label Beauty & Wellness, we are committed to conducting business in a manner that complies with the highest legal and ethical standards. We are a certified organic facility specializing in natural and organic formulations and strive for GMP certification. Ethical conduct is part of our core values, which applies to all employees and associates. We believe in treating others how you would wish to be treated, and that is reflected in the quality of service you will receive from all of our staff. We have a first-class facility of which we are very proud and invite you to come for a tour. We promise you an unbeatable experience.

INFUSIONS

Anti blemish

Baobab (*Adansonia digitata*) oil infused with Osendru (*Alstonia boonei*) bark, Simpi (*Cassia alata*) leaves, Moringa (*Moringa oleifera*) leaves, Guava (*Psidium guajava*) leaves, Mango (*Mangifera indica*) leaves

- **Alstonia Boonei (Osendru) Bark;** Traditionally used for its anti-inflammatory and antimicrobial properties. Osendru bark helps calm irritated skin and may assist in reducing acne-causing bacteria and blemish formation.
- **Cassia Alata (Simpi) Leaves;** Known for antifungal and antibacterial properties, Simpi is effective in treating minor skin infections, acne, and blemishes. Helps purify the skin and improve its clarity over time.
- **Moringa Oleifera (Moringa) Leaves;** Rich in antioxidants like vitamin C and quercetin, moringa helps reduce oxidative stress, brighten dark spots, and support collagen production for healthier-looking skin.

Alstonia Boonei

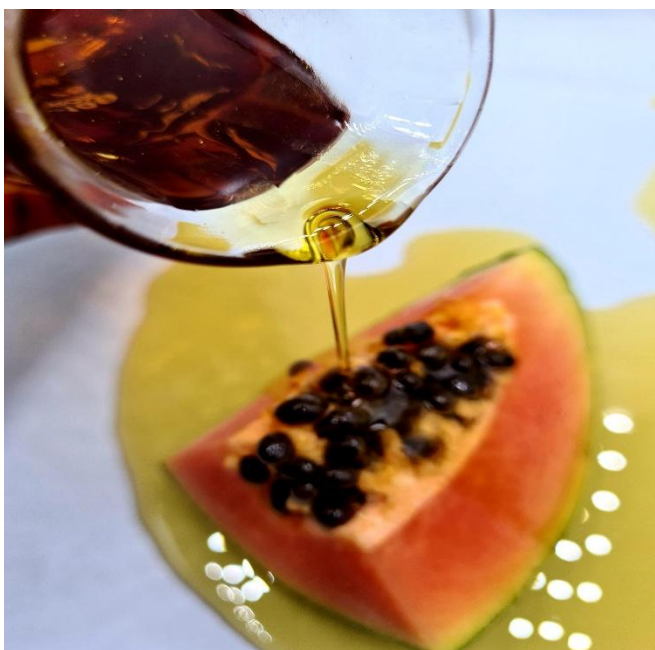

Cassia Alata

Moringa

Radiance

Baobab (*Adansonia digitata*) oil infused with Pawpaw (*Carica papaya*) peel, Simpi (*Cassia alata*) leaves, Osendru (*Alstonia boonei*) root, Turmeric (*Curcuma longa*) root.

- **Turmeric Root;** A powerful antioxidant and anti-inflammatory agent that brightens the skin, reduces hyperpigmentation, and promotes an even skin tone. Ideal for dull, tired, or uneven skin.
- **Baobab Oil;** Carries the active botanicals deep into the skin, ensuring effective delivery. Leaves skin supple and glowing without clogging pores, suitable for daily use on face or body.
- **Pawpaw Peel;** Naturally high in enzymes like papain and alpha hydroxy acids (AHAs), papaya peel gently exfoliates dead skin cells, fades dark spots, and helps reveal a fresher, glowing complexion.
